

## **A Hero's Heart**

A hero's heart, so strong and true,  
In the soldier we loved, forever imbued,  
A great person they were, a beacon of light,  
Guiding us through, the darkest of nights.  
Their love and compassion, a testament to all,  
They stood so tall, in the face of the squall,  
With honor and courage, they fought every fight,  
A hero's heart, forever shining bright.  
As we gather to honor their memory,  
We'll cherish their greatness, their legacy,  
A hero's heart, a love so divine,  
In our thoughts, dear soldier, you'll forever shine.
