

A Silent Goodbye

In the hush of the night, a silent
goodbye,
A parent we've lost, beneath the
moonlit sky,
Gone too soon, with so much left
to share,
We'll miss your love, your gentle
care.
With every tear that falls, every
aching sigh,
We'll remember your touch, your
love, so nigh,
In the quiet moments, your
memory we'll trace,
Wishing to hold you, in a tender
embrace.
A silent goodbye, a love we'll
forever miss,
In the depths of our hearts, a
longing abyss,
Though you're gone, your love
we'll carry,
In our thoughts, dear parent,
forever you'll tarry.
