

Embracing Eternity

Let us gather, hearts entwined,
To celebrate a life, so suddenly
confined,

Our dear one, a soul so bright,
A testament to love, and life's
sweet flight.

We'll share our memories, laugh
and cry,

Recount the moments, days
gone by,

Their spirit lingers, a gentle
breeze,

Embracing eternity, forever at
ease.

With joy and sorrow, we'll raise
our voice,

In honor of the life, that was their
choice,

Our dear one, a love so true,
A celebration of life, in skies so
blue.
