

I Dreamed I Was in Heaven

I dreamed I was in Heaven
Where all was peace and love
I saw all those I'd missed on Earth
Reunited up above

There were no more tears or heartaches
No pain or grief to bear
Just endless joy and happiness
In that celestial air

I saw the ones I'd lost before
And those I'd never met
We shared in perfect harmony
No sorrow to forget

I woke up from my slumber
With tears upon my face
But deep within my heart I know
There's still a heavenly place
