

Everglow

Oh, they say people come, say people go
This particular diamond was extra special
And though you might be gone and the world
may not know
Still, I see you, celestial

Like a lion, you ran
A goddess, you rolled
Like an eagle, you circled
In perfect purple

So how come things move on?
How come cars don't slow?
When it feels like the end of my world?
When I should, but I can't, let you go

But when I'm cold, cold
Oh, when I'm cold, cold
There's a light that you give me
When I'm in shadows
It's a feeling of ever, everglow

We're brothers in that
The sisters you write
When we stroll on that land
We'll be friends 'til we die
With the changing of winds
And the way waters flow
Life is short as the falling of snow

And now I'm gonna miss you, I know
But when I'm cold, cold
In water rolled, salt
I know that you're with me
And the way you will show
And you're with me wherever I go
And you give me this feeling
This everglow

Oh, what I would give for just a moment to
hold
Yeah, I live for this feeling, this everglow

So if you love someone, you should let them
know
Oh, the light that you left me will everglow
