

Love Will Turn You Around

You can run, you can hide, never let it inside
Keep livin' your life in the dark
But sooner or later that gentle persuader
Is gonna catch up with your heart

Make you a dreamer, believer
Believin' in love
Right when a man's doin' all that he planned
And he thinks he's got just what he needs
Life will deliver a shock that will shiver
And drive him down to his knees

Make him start givin', livin'
Livin' again
Love will turn you around, turn you around
Out of the blue, she'll come to you
Listen to your heart
And love will turn you around, turn you around
Out of the blue, she'll come to you
When you're down and out, hangin' on by a
thread
And you're givin' it up or givin' it your all
And you're losin' sight of all your dreams
And you're hopin' that she's waitin' at the end
of the call

Makes you get up, or back up and try again
Love will turn you around, turn you around
Out of the blue, she'll come to you
When you least expect it
Keep you guessin' how
Love will turn you around, turn you around
Out of the blue, she'll come to you
Love will turn you around, turn you around
Out of the blue, she'll come to you
Love will turn you around, turn you around
