

For Crying Out Loud

[Intro]

I was lost till you were found
But I never knew how far down
I was falling
Before I reached the bottom
I was cold and you were fire
And I never knew how the pyre
Could be burning
On the edge of the ice field

[Verse 1]

And the now chilly Californian wind
Is blowing down our bodies again
And we're sinking deeper and deeper
In the chilly Californian sand

[Chorus]

And I cried for you
And the sky cried for you
And when you went I became a hopeless
drifter
But this life was not for you
Though I learned from you
That beauty need only be a whisper
I'll cross oceans like never before
So you can feel the way I feel it too
And I'll mirror images back at you
So you can see the way I feel it too

[Verse 2]

You came in out of the night
And there were flowers in your hands
Now you will come out of a nightmare
With nothing but dirty hands
And nothin' but a vague memory
Of what it was like to be alive

[Chorus]

And I'll give you my heart
And I'll give you my veins
And I'll give you my ocean
And I'll give you my veins
I'll give you all that I have
And I'll give you all that I'm worth
And I'll give you my love
And I'll give you my love

[Outro]

And I'll give you my love
And I'll give you my love
