

## Stardust

And now the purple dusk of twilight time  
Steals across the meadows of my heart  
High up in the sky, the little stars climb  
Always reminding me that we're apart

You wander down the lane and far away  
Leaving me a song that will not die  
Love is now the stardust of yesterday  
The music of the years gone by

Sometimes I wonder why I spend  
The lonely night dreaming of a song  
The melody haunts my reverie  
And I am once again with you  
When our love was new  
And each kiss an inspiration

But that was long ago  
Now my consolation is in the stardust of a  
song  
Beside a garden wall  
When stars are bright, you are in my arms  
The nightingale tells his fairy tale  
Of paradise where roses bloom

Though I dream in vain  
In my heart, it will remain  
My stardust melody  
The memory of love's refrain
